

Annex 1 Overview on-going, planned PLW/Region specific research 2007/08

	PLW	Research focus*	Lead research	Status
<i>SNNPRS</i>				
<i>NRM, production and input supply research</i>				
Dairy milkshed Awassa - Dilla	Dale	Existing	IPMS/MSc	On-going
Sheep meat production	Alaba	Existing	IPMS/MSc	On-going
Goat meat production	Dale	Existing	IPMS/MSc	On-going
Poultry production	Dale	Existing	IPMS/MSc	On-going
Livestock feed utilization and forage	Alaba	Existing	IPMS/MSc	On-going
Major animal disease assessment	Alaba	Existing	IPMS/FVM/DVM	On-going
Soil and water resource technology introduction	Dale, Alaba	Action	AHI	On-going
Scaling up the promotion of Soya bean production and Market Network	Alaba/Dale	Action	SARI/IPMS	Planned
Dairy Production, Processing and Marketing System of Shashemene- Alaba-Wolaita Sodo MilkShed of Southern Ethiopia	Alaba	Existing	SARI/IPMS	Planned
Assessment of the efficiency of livestock feed resources utilization and scaling up of forage development in Dale Woreda	Dale	Existing Action	SARI/IPMS	Planned
Characterization of indigenous poultry production system and transformation into market orientation in Dale Woreda of Southern Region	Alaba	Existing Action	SARI/ILRI	Planned
Commodity-based study on animal health problems and intervention strategies to promote market oriented livestock production in SNNPRS	Dale/Alaba	Existing Action	SARI/IPMS	Planned
Market-oriented fruits production in Dale	Dale	Action	EIAR/IPMS	Proposed
Coffee production and marketing in Dale	Dale	Action	EIAR/IPMS	Proposed
Research to develop bean seed supply and production system	Dale, Alaba	Action	CIAT/SARI	Proposed
<i>Marketing</i>				
Market chain study coffee	Dale	Existing	IPMS/MSc	On-going
Market chain dairy study	Dale	Existing	IPMS/MSc	On-going
Market chain study small ruminants	Alaba Dale	Existing	IPMS/MSc	Starting
Market chain study teff and wheat	Alaba	Existing	IPMS/MSc	Starting
Market chain study fruits	Dale	Existing	IPMS/MSc	Starting
Market chain study dairy Awassa Dilla	Dale	Existing	IPMS/MSc	On-going
<i>Knowledge management and capacity development</i>				
Effectiveness of extension training	Alaba	Existing	IPMS/MSc	On-going
Assessment of livestock extension in SNNPR	SNNPR	Existing	SARI	Starting
<i>Commodity development processes/gender</i>				
Adoption of improved haricot bean packages	Alaba	Action	IPMS/MSc	On-going
Community based veterinary service delivery tryps control innovation	Dale	Action	IPMS	On-going

Forage and feed development innovation	Alaba	Action	IPMS	On-going
House hold food security and women's pivotal role in particular reference to market oriented agricultural development	Dale	Existing	IPMS/MSc	Starting
Oromiya				
<i>NRM, production and input supply</i>				
Milk production and marketing	Mieso	Existing	IPMS/MSc	On-going
Cattle production systems and take off export abattoirs	Ada'a	Existing	IPMS/MSc	On-going
Honey production system development	Ada'a	Existing Action	IPMS/Saptech	On-going
Major animal disease assessment	Mieso	Existing	IPMS/FVM/ DVM	On-going
Irrigation water institutions	Ada'a	Existing	IPMS/MSc	On-going
Spatial analysis methods applied to chalkbrood disease occurrence and potential	Oromiya region	Existing	OARI/IPMS	On-going
Honey mapping	Oromiya region	Existing	OARI/IPMS	On-going
Development of cattle fattening operations in Mieso	Mieso	Action	OARI/IPMS	Planned
Market-oriented Dairy Development in Mieso	Mieso	Action	OARI/IPMS	Planned
Market-oriented goat production in Mieso	Mieso	Action	OARI/IPMS	Planned
Market-oriented apiculture production in Ada'a and Gomma	Goma	Action	OARI/IPMS	Planned
Market-oriented fruit and vegetable production in Mieso and Ada'a	Mieso, Ada	Action	EIAR/IPMS	Proposed
Market-oriented sesame production in Mieso	Mieso, Ada	Action	EIAR/IPMS	Proposed
Market-oriented chickpeas in Ada'a	Ada	Action	EIAR/ICRISAT/ IPMS	Proposed
Market-oriented cattle fattening in Ada'a	Ada	Action	EIAR/IPMS	Proposed
Coffee production and marketing in Gomma	Goma	Action	EIAR/IPMS	Proposed
<i>Marketing</i>				
Market chain study chick peas	Ada'a	Action	ICRISAT/EIAR	On-going
Market chain study teff, wheat	Ada'a	Existing	IPMS/MSc	Starting
Market chain analysis small ruminants, cattle and camels	Mieso	Existing	IPMS/MSc	Starting
<i>Knowledge management and capacity development</i>				
Knowledge flows and extension for women farmers	Ada'a	Existing	IPMS/MSc	Starting
Agricultural Information Networks of Farm Women and Role of Agricultural Extension	Dale	Existing	IPMS/MSc	On-going
<i>Commodity development processes/gender</i>				
Adoption small ruminant fattening packages	Mieso	Action	IPMS/MSc	On-going
Introduction and adoption improved apiculture technology	Ada'a	Action	SAPTECH	On-going
Innovation dairy technology and marketing	Ada'a	Action	IPMS	On-going
Innovation UMB introduction	Mieso	Action	IPMS	On-going

Women's Land Use Rights and implications for market-oriented agriculture	Ada'a	Existing	IPMS/MSc	Starting
Gender and HIV/AIDS Analysis of Pastoralist Farming and Livelihood Systems	Mieso	Existing	IPMS	Planned
Gender disaggregated assessment of Traditional Seed Multiplication systems	Ada'a	Existing	IPMS	Planned
Amhara				
<i>NRM, production and input supply</i>				
Meat and dairy production	Metama	Existing	IPMS/MSc	On-going
Poultry production system	Fogera	Existing	ILRI/MSc	On-going
Major animal disease assessment	Fogera	Existing	IPMS/FVM/DVM	On-going
Major animal disease assessment	Metama	Existing	IPMS/FVM/DVM	On-going
Livestock feed resources, rangeland utilization	Metama	Existing	IPMS/MSc	On-going
Land suitability for rice production (GIS)	Fogera	Existing	IPMS/MSc	On-going
"Potential areas for irrigated banana production in Metema".	Metema	Action	IPMS GIS team	On-going
Scaling up of upland New Rice for Africa (NERICA) rice varieties	Fogera	Action	ARAR/IPMSI	Started
Demonstration of rice dishes	Fogera	Action	ARARI/IPMS	Started
Scaling up of improved chick pea parietal dissemination with farmers participation	Fogera	Action	ARARI/IPMS	Started
Participatory Onion seed production and post-harvest handling Techniques	Fogera	Action	ARARI/IPMS	Started
Reclamation of weed invaded rangeland an option for increased feed production	Fogera	Action	ARARI/IPMS	Started
Demonstration and popularization of different Queen rearing techniques	Fogera	Action	ARARI/IPMS	Started
Community based bull service scheme at Quehar Micheal and Woreta-zuria villages in Fogera	Fogera	Action	ARARI/IPMS	Started

Introduction of Borana breed	Metama	Action	ARARI/IPMS	Proposed
<i>Marketing</i>				
Market chain study cotton	Metama	Existing	IPMS/MSc	On-going
Market chain study vegetables	Fogera	Existing	IPMS/MSc	On-going
Dried fish marketing study	Fogera	Existing	WorldFish/ARARI	Planned
<i>Knowledge management and capacity development</i>				
Knowledge access and utilization by settler farmers	Metama	Existing	IPMS/MSc	On-going
Dairy extension and adoption of dairy package	Fogera	Existing	IPMS/MSc	Starting

Commodity development processes/,gender				
Innovation onion seedlings	Fogera	Action	IPMS	On-going
Innovation fruit development	Metama	Action	IPMS	On-going
Gender Analysis of Seasonal Fish Ponds	Fogera		IPMS	Planned
Tigray				
NRM, production and input supply				
Major animal disease assessment	Alamata	Existing	IPMS/FVM/DVM	On-going
Major animal disease assessment	Atsbi	Existing	IPMS/FVM/DVM	On-going
Irrigation water institutions study	Atsbi, Ada'a	Existing	IPMS/MSc	On-going
Apiculture development in Atsbi and Kilde Awlalo Woreda: contribution to household income and welfare	Atsbi and Kilde Awlalo	Existing	IPMS/MSc	On-going
Water resources assessment and sustainability of ground water utilization in the Gergera watershed, Atsbi-Womberta	Atsbi	Existing	IMWI/MSc	On-going
Enhancing productivity and marketing of highland pulses (field pea and faba bean) in Atsbi	Atsbi	Existing and action	TARI/IPMS	Proposed
Strengthening farmer based potato seed production and marketing in Atsbi	Atsbi	Action	TARI/IPMS	Proposed
Developing market-oriented temperate fruit production in Atsbi	Atsbi	Existing and action	TARI/IPMS	Proposed
Livestock and apiculture carrying capacity	Atsbi	Existing	IPMS GIS	Proposed
Improving crop residue as feed resource for market-oriented cattle fattening and dairy production in Alamata	Alamata	Action	TARI/IPMS	Proposed
Rice supply chain development in swampy areas of Alamata	Alamata	Action	TARI/IPMS	Proposed
Development of water loving grass and forage species	Alamata	Action	TARI/IPMS	Proposed
Enhancing productivity and market participation of women-headed households in Alamata	Alamata	Action	TARI/IPMS	Proposed
Farmer based seed production to enhance market-oriented vegetables production in Alamata	Alamata	Action	TARI/IPMS	Proposed
Scaling out innovative natural forest conservation and development experiences in Alamata	Alamata	Action	TARI/IPMS	Proposed
Integrated biological control of parthenium to enhance market-oriented agricultural development in Alamata	Alamata	Existing and action	TARI/IPMS	Proposed
Marketing				
Market chain analysis small ruminants	Alamata	Existing	IPMS/MSc	Starting
Market chain analysis honey	Atsbi	Existing	IPMS/MSc	Starting
Market chain analysis fruits and vegetables	Alamata	Existing	IPMS/MSc	Starting
Market chain study vegetables	Atsbi	Existing	TARI/IPMS	Starting
Cooperative marketing	Atsbi	Existing	MSc	Starting
Cooperative marketing	Alamata	Existing	MSc	Starting
Comparative analysis of cooperative marketing	Atsbi/Alamata	Existing	MSc	Starting
Knowledge management and capacity development				

Preliminary assessment of FTCs	Atsbi	Existing Action	IPMS	Completed
Assessment of FTCs	Alamata	Existing	IPMS	On-going
<i>Commodity development process</i>				
Adoption of improved box hives	Atsbi	Action	IPMS/MSc	On-going
Innovation beekeeping land less youth	Atsbi	Action	IPMS	On-going
Innovation forage and community grazing land	Atsbi	Action	IPMS	On-going
Innovation fattening	Alamata	Action	IPMS	On-going
Innovation fruit and vegetables	Alamata	Action	IPMS	On-going
